

House of Finance Dauphine

Université Paris-Dauphine's center for Finance

<http://housefinance.dauphine.fr>

WELCOME TO THE HOUSE OF FINANCE

Finance is a fundamentally cross-disciplinary field. As such, it largely involves the Dauphine faculty in both teaching and research whatever their area of focus: economics, management, mathematics, information systems, social sciences or law.

The international academic community recognizes Dauphine as an institution of excellence for its degree programs, its research and its close collaborative ties to the business community.

The *House of Finance* is a milestone for the university; it clearly positions Université Paris-Dauphine as a key institution in the field, with a multidisciplinary approach that brings together teaching and research, professionals and researchers.

The *House of Finance* comprises over 30 programs, 100 in faculty, 8 research chairs and initiatives and covers a rich and diverse range of subjects from behavioral finance to risk and asset management.

The *House of Finance* fosters collaborative dynamics; it is a space within which researchers and finance professionals can work together on subjects of common interest.

The *House of Finance* is a unique ecosystem built

on partnerships born of trust and recognition for the quality of our academic programs and the excellence, relevance and applicability of our research programs.

It is a veritable driver for developing stronger partnerships with the business community and increased international cooperation thanks to a wide range of collaborative opportunities and innovative, flexible services - all of which contribute to Dauphine's academic excellence.

Our main ambition is to position Dauphine as the academic institution of reference for Finance in France and one of the world's leading universities in the field.
